### Police, Fire Building Sale Up for Council

CWTC Only Bidder On Former Service Facility Here

One of the biggest and most important items facing the City Council during its session tonight will be the bid sale of the old Palm Springs police and fire department building on Palm Canyon Drive.

Only one bid has been received for the station, submitted by the California Water and Telephone Company for \$116,000.

BUT THE COUNCIL is greatly divided on the matter, with some members wanting to put a street through between Palm Canyon Drive and Baristo, while another group wants to use the lot for off-street parking, and still another councilman wants to sell it and use the money for acquisition of other property for off-street parking.

Under communications, the council tonight will hear a letter from attorney Robert Schlesinger for an appeal by Leo Paquette on a planning commission denial of the expansion of Horizon Trailer Park.

TWO ORDINANCES are up for passage, one regulating solicitation by veterans and veteran groups, and the other an urgency measure providing for the collection of sales and use tax.

Four hearings have been set between 8 and 8:30 p.m. — Adoption of the uniform plumbing code; appeal by Standard Oil Company for a conditional use permit; appeal by R. C. Ellis for a change of zone; and an amendment to the setback ordinance asking a reduction of setback by Alan and Edith Kopelson.

Another dozen matters will be considered under recommendations of the city manager, including the acceptance of grant deeds and rights-of-way, business license waivers, introduction of two ordinances; fund adjustments, and approval for the city manager to sign contracts with contractual firms.

### Judge Awards \$75,941 Damages

INDIO — Superior Judge Merrill Brown today awarded Joan Caulfield Ross a total of \$75,941.86 in a default action stemming from a 1958 traffic accident on Highway 111 in Rancho Mirage.

Mrs. Ross had sought damages against the estate of Aruthur James Wise, deceased, driver of the other automobile involved in the mishap.

The award was for \$50,941.86 in special damages and \$25,000 in general damages.

### Scholarship

## Blosser Receives Press Club Award

Desert Press Club today announced awarding of a scholarship for the 1960-61 college term to Kurt Blosser, 17-year-old Palm Springs High School student who will receive his diploma Friday night.

This is the first scholarship to be awarded by the Desert Press Club, and it is for \$500, with \$250 to be applied to each semester.

CLUB PRESIDENT Norman Loftus revealed that the scholarship remained dormant last year as there were no applicants.

Blosser, son of Mrs. Rena Prince of 749 North Sunrise Way, has indicated an interest in the field of Journalism since his pre-teen days.

HE STARTED as a Desert Sun paper carrier seven years ago, and then in Nellie Coffman Junior High School started the newspaper, "The Tales of Coffman." The next summer he landed a

## BOMARC MISSILE EXPLODES IN N.J.

MOGURE AIR FORCE BASE, N. J. — (UPI) — The explosion and fire in a BOMARC interceptor missile shed here and reports of atomic radiation danger caused less panic Tuesday than a supposed Martian invasion 20 years ago.

The 47-foot BOMARC caught fire on its launch pad at a missile site east of this base Tuesday and an explosion occurred in the concrete shelter that housed the missile.

DESPITE FALSE reports that an atomic warhead exploded there was little panic in the New York area.

In contrast, thousands of terror-stricken residents fled their homes on the night of Oct. 20, 1938, when Orson Welles described a Martian landing at Grover's Mills, N. J. in a radio adaptation of H. G. Wells, "War of the Worlds." The panicked populace flooded police, radio and news media switchboards with

### Missile Strike Deadlock Seen

SAN DIEGO — (UPI) — There was little hope today of an early settlement in the machinists' strike against Convair installations at four key Atlas missile bases and selected plants.

Fear was expressed strikes would spread through the nation's aircraft-missile industry within a week.

calls despite an announcement at the program's beginning that the "invasion" was fiction.

THE BOMARC 39-A, a ground to air missile caught fire inside a closed concrete shelter and spread a small amount of radiation in a limited area of the military base. No casualties were reported.

The Air Force emphasized that a nuclear explosion had not occurred and that there was no radiation danger to the public and no significant health hazard from contamination.

### Blythe Accident Claims Two Lives

BLYTHE — (UPI) — A 75-year-old man and a 9-year-old girl were killed and two other persons were injured Tuesday night when an automobile drove by a stop sign and smashed broadside into another car, California Highway Patrolmen reported.

Investigators said George A. Mills of Ramona ran a stop sign and drove onto U. S. 60-70 south of here, crashing into an auto driven by Vernie M. Rogers, 57, Cedar Falls, Iowa.

Mills and Rogers' grandchild, Phyllis Van Heuvelen, of Independence, Iowa, were killed. Rogers and his wife, Hazel, also 57, were in fair condition at Palo Verde Hospital.

### Russia Uses Western Ideas

GENEVA — (UPI) — The Soviet Union used some Western ideas in its new disarmament blueprint but twisted their original meaning, Western diplomatic sources said today.

### Ike Wins New Trip Support

WASHINGTON — (UPI) — President Eisenhower won new support in Congress today for his decision to go ahead with his trip to Japan in the face of anti-American demonstrations there.

## Rockefeller Has Meal With Ike, Talks of Nixon

WASHINGTON — (UPI) — New York Gov. Nelson A. Rockefeller said after a breakfast conference with President Eisenhower today he thought that, as things now stand, the chances were that Vice President Richard M. Nixon would win the Republican presidential nomination.

Rockefeller, who spent an hour and a half with the President at the special meeting requested by the governor, maintained his status as a draft possibility for the Republican nod.

Emerging from the White House parley, he told reporters he was rushing back to New York for a hastily called meeting of the state Republican Executive Committee.

### New Chile Aid Is Supported

WASHINGTON — (UPI) — Key lawmakers in both parties called today for a stepped-up program of emergency aid for earthquake torn Chile with special emphasis on housing.

### BULLETIN

POMONA — (UPI) — Two teenagers were killed today when their foreign sports car crashed into the rear of a parked truck off the San Bernardino Freeway at Kellogg Hill.

Killed instantly were Eric Eldon Covert, 17, Palm Desert, the driver, and Charles C. Schofield, 18, of Palm Desert.

The California Highway Patrol said the small car was going about 60 miles an hour when it suddenly left the roadway and struck the truck, parked 24 feet off the freeway. Officers said there were no skid marks and that the driver might have fallen asleep.

Driver of the truck, Paul M. Salais, 47, Palm Springs, said he had stopped his vehicle for a short rest. He was not injured.

## Desert Voters Hop on Nixon Bandwagon

Veep, Brown Will Head Delegations To Two Conventions

Palm Springs election return center, last night paced Riverside County in the outcome of the primary election, being the first to complete its tally, and "went the way the county did in casting its ballots."

The Desert area preferred Nixon as head of the Republican delegation to the 1960 convention and gave him 3,207 votes to add to a county-wide total of 30,614.

LOCAL AREA voters gave George McLain only 501 votes to Gov. Brown's 1,615, and in the county-wide total, Brown received the Democratic vote to lead the 1960 Convention delegation with a total of 19,831 to McLain's 11,538.

Congressman D. S. Saund, unopposed for the Democratic nomination for Congress, pulled a total of 29,278 votes, county-wide, and 2,114 of this were from the Desert area. Charles Jameson of Corona grabbed the Republican nomination for Congress, with a Desert total of 1,357 and a county count of 16,632.

LEONARD CAMPBELL of Beaumont ran a close second in the Desert area to Jameson, with 1,282, but dropped 4,000 votes county-wide for a total of 12,220. Red Kenyon of Palm Springs gathered a local vote of 552 votes, and a county-wide vote of 2,416.

Clifford Dean, a Riverside Democrat, and Republican L. M. "Lee" Backstrand, ex-Riverside County Assemblyman, will run off the race for State Senator in November. Dean tallied a total of 1,515 votes in the Desert area, but county-wide rose to a total of 20,993 over Robert Garcia of Palm Springs who tallied only 571 votes in the Desert and 9,933 county-wide.

Backstrand tallied a 30,063 vote throughout the county, and received 3,027 of them from the Desert area.

THE ONLY REVERSE in the county pace in the election was evident in the race for State Assemblyman, where the Desert area gave Republican Gordon Cologne of Indio 2,260 and Democrat David Strausser of Riverside 1,872. But the county-wide total changed the trend and Strausser tallied a total of 27,282, while Cologne totaled 21,430. These two men will run off in the November election. Grace Smith of Hemet captured only 831 votes in the Desert area, and a total of 8,910 county-wide.

The Desert area, which included Desert Hot Springs, Garnet, Thousand Palms, Cathedral City, Rancho Mirage, Palm Desert and Palm Springs, turned out an approximate 50 per cent vote.

### Skyhook Glynco May Land Soon

SAN ANTONIO, Tex. — (UPI) — The Navy "guesstimated" today that "Skyhook Glynco," its big bashful balloon, would stop galloping all over the Texas sky and begin floating softly to earth in a few hours.

The 40-story bubble "complete with instrument gondola and rigging is the largest balloon ever launched. It set sail from Glynco Naval Air Station, Brunswick, Ga., last Sunday to measure cosmic radiation above the earth."

## McLain Vote Cuts Deep in Brown Totals

Nixon 'Gratified' By Strong Showing In Home State

SAN FRANCISCO (UPI) — Vice President Richard M. Nixon clung to a lead today over Democratic Gov. Edmund G. Brown in late returns from California's presidential primary election.

Nixon's backers claimed a "stunning triumph" for the vice president, but Democrats discounted this.

IN WASHINGTON, Nixon said he was "gratified by the heart-warming vote of confidence" shown him by the voters of his state. He said the results should provide great encouragement to the Republicans in their prospects for carrying California in November.

A spokesman for Nixon disputed claims that supporters of New York Gov. Nelson A. Rockefeller had rolled up a large "silent vote" for Rockefeller. The spokesman pointed out that Nixon's vote was higher than for Reps. Bob Wilson of Chula Vista and William Mailliard of San Francisco, who ran unopposed for the GOP nomination to Congress.

NIXON WAS unopposed on the GOP ballot while Brown ran into an unexpectedly strong showing on the Democratic ticket by George McLain, a Los Angeles pension promoter and lobbyist.

Although Brown and Nixon were neck and neck in the returns, Democrats pointed out that the combined Brown-McLain vote was substantially higher than Nixon's.

NIXON'S BACKERS had not expected to come close to Brown's vote because Democrats enjoyed a 3-2 edge in registration for Tuesday's primary. But the inroads McLain made on the governor's vote enabled the vice president to give Brown a battle.

Both Nixon and Brown came out a winner. Nixon will take to the GOP Convention in Chicago in July his home state's 70 convention votes. And Brown, who hopes to be a king-maker when the Democratic nominee is selected in Los Angeles next month, will head up a hefty delegation of 81 votes.

RETURNS FROM 23,800 of 28,783 precincts, many incomplete, gave Nixon, 1,046,774, Brown 953,699 and McLain 451,326.

Voter turnout was about 60 per cent.

A spokesman of a Rockefeller-for-president movement claimed that a last minute appeal for a "silent vote" against Nixon showed Republican support for New York Gov. Nelson A. Rockefeller.

### Area Nixes Proposition 3

## Desert Voters Back Vet Home Loans, School Bonds

Palm Springs area voters yesterday went against the rest of the state on one state-wide proposition, but agreed with them on the other two, and supported state-wide approval of the veterans home loan and school bonds.

The area went against the bonded indebtedness amendment, but the issue is apparently being approved by a small margin as final tabulations are being made today.

PROPOSITION 1 authorizes \$400,000,000 in bonds for veterans home financing loans, and carried with a Desert area vote of 3,076 to 1,981.

Proposition 2 authorizes the sale of \$300,000,000 in bonds for schools, and passed with a Desert area vote of 3,527 yes to 1,563 no.

COUNTY-WIDE, Proposition 1

was approved by 38,366 to 22,208, and Proposition 2 by 40,596 to 20,169.

Proposition 3, which would permit bond issues to go on the primary election ballot instead of general election if they receive a

two-thirds vote of the legislature, was not passed by Desert area voters (1,394 yes — 2,678 no) or Riverside County voters (23,237 yes — 32,238 no), but is apparently passing by a slim margin throughout the state.

The race for constable was contested by former constable Fred Duffey, who drew a total of 398 votes—474 from Palm Springs city—and Homer Wise, who drew a total of 85 votes.

Poe received the following vote from the areas of the desert: Palm Springs—2,319; Cathedral City—546; Desert Hot Springs—489; Palm Desert—272; and the balance of his 4,448 total from Garnet, Rancho Mirage, Thousand Palms and Thunderbird.

POE BEATS 2 WRITE-IN CONSTABLE CANDIDATES

Constable Howard Poe, listed alone on the ballot, but running against two write-in candidates, took an easy victory with almost 4,000 votes to spare and was re-elected Tuesday for his third four-year term.

The race for constable was contested by former constable Fred Duffey, who drew a total of 398 votes—474 from Palm Springs city—and Homer Wise, who drew a total of 85 votes.

Poe received the following vote from the areas of the desert: Palm Springs—2,319; Cathedral City—546; Desert Hot Springs—489; Palm Desert—272; and the balance of his 4,448 total from Garnet, Rancho Mirage, Thousand Palms and Thunderbird.

Dams, Reservoirs To Be Public Recreation Area

WASHINGTON (UPI) — The House Interior Committee today approved legislation which would provide public recreation grounds at federal dams and reservoirs. The bill, supported by western congressmen, reaffirms the congressional policy that when the Army Engineers acquire land for dams and reservoirs, they should buy enough to build the park and picnic grounds.

The committee added an amendment, recommended by the engineers and the Budget Bureau, providing that before the engineers buy such land they must have the approval of a state or local agency which will operate and maintain the access roads.

Ten Stocks Actively Traded Today

(From the leased wires of Shearson, Hammill & Co., 1103 North Palm Canyon Drive)

Table with 3 columns: Stock Name, Closing 2 p.m. Yesterday, Closing 2 p.m. Today. Includes American Can, Ampex, Baltimore and Ohio, Bethlehem Steel, etc.

A NEW GUIDEPOST FOR INVESTING IN DEFENSE STOCKS...

Shearson sees a definite shift in emphasis on future defense spending... and names four stocks that should react favorably.

In recent years dollars for defense have averaged about 60% of the federal budget, or 10% of the entire Gross National Product. Shearson, Hammill sees little chance of a downward revision of these figures, particularly in view of the summit break-up. Improving our defense posture—and keeping abreast of Russia in the race for space and missile supremacy—seems likely to keep defense spending at a high level.

But the emphasis of this spending is shifting. Research and development projects for new rockets, missiles and electronic equipment are taking a larger portion of the defense budget, while long-run production contracts for manned aircraft and conventional weapons are beginning to decline.

A matter of timing...

One important measure of a defense contractor's business prospects is the kind of contracts his company works under. Production contracts are generally more profitable than research and development contracts—but military equipment becomes obsolete so quickly that such a contract may be cancelled or phased out and the contractor faced with a sales drop. For this reason, Shearson believes that the time to invest in defense stocks is when the majority of a company's sales are shifting from the lower profit margins of research and development contracts to the higher profit margins of production. Earnings are likely to turn up and this may lead to substantial capital gains.

Four companies recommended...

From scores of aircraft, missile and electronics companies throughout the nation, Shearson recommends just four as outstanding capital gains prospects at this time. In Shearson's opinion, these companies should show impressive gains as research and development contracts give way to contracts for operational equipment. The names of the four companies and facts about them are yours without obligation in Shearson's new report on the defense spending outlook. For your copy, fill out and return the coupon below.

CHANGES IN ORDINANCE

County Sets Hearing on Zoning

July 25 was set by the Board of Supervisors this week as hearing date on a lengthy 10-page ordinance amending the county zoning ordinance.

The proposed new ordinance contains many technical changes, incorporates existing individual amendments, and includes provisions already in practice as policy, but it also proposes entirely new additions to existing zoning laws.

At the six hearings, before the planning commission on preparation of the ordinance, first of which was held Sept. 29, 1959, no one appeared either for or against it. The amendments include four

additional zones, one residential, one commercial, and two industrial. It changes lot size minimums and setbacks in some instances, excludes use of a trailer as living quarters in an R-1 zone, controls use of subdivision signs, contains some measures pertinent to signboards, adds uses allowed in some zones, permits trailer parks in zones other than M-3. These are only a few of the many changes proposed.

The planning commission in recommending adoption of the ordinance observed that circumstances and needs within the county

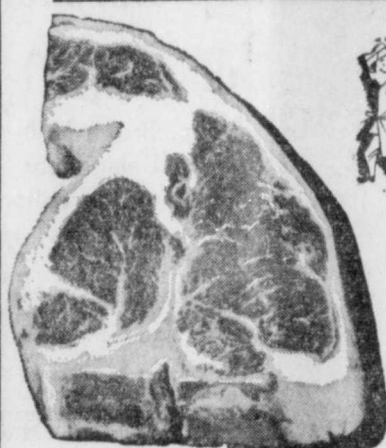

have materially changed since the original zoning ordinance was adopted in 1948.

**GROUND BREAKING** FOR effect was done Monday for the new Hal Kapp-Ted Smith Financial Square in Palm Desert, as Smith, left, and Kapp gave the signal to take up the clam-shell that excavates for the site foundation. The new 2,000 square foot structure, designed in contemporary western style by Palm Desert architect John Outcault, AIA will join the present realty office of the pair at Portola Avenue and Highway 111. Indio contractors Meredith and Simpson are building the structure. Financial firms including investment brokers, realty loan brokers, insurance agencies, and similar operations are to be housed

in the Square. Kapp and Smith developed Fairway Heights and Palm Desert Highlands, and have been exclusive agents for several subdivisions in Palm Desert. Kapp, former Chamber of Commerce president, has also headed the Coachella Valley Advisory Planning Committee, and the Palm Desert Community Library Association. Smith has headed the CVAPC, the Coachella Valley Board of Realtors, the Shadow Mountain Club, and the Shadow Mountain Golf Club, and served as vice-president, California Real Estate Association.

## L.A. Building Firm Low on County Job

Health Center Contract Awarded To Kemp Brothers

The lowest bid submitted, that of Kemp Brothers of Los Angeles, for construction of the county health center building in Riverside was accepted by the Board of Supervisors this week. The bid was \$1,004,700 of which \$927,000 was for the base bid on three floors, and \$77,700 for an additional fourth floor.

"WE WOULD NEVER get such a price for the fourth floor at a later date," observed Supervisor William Jones who is a building contractor, "because the work can be done so much more cheaply while the building is in the process of construction."

The project is to be financed as follows:

**\$415,276 ALLOCATION** from Hill-Burton Fund; \$265,000 from bonds voted by the people, \$211,000 balance in the 1959-60 capital outlay fund; \$16,000 from sales tax reserve; \$131,524 to be appropriated in the 1960-61 capital outlays budget, and \$46,700, the estimated cost of equipment, in the 1961-62 capital outlays budget.

## Ike Has Tough Assignment on Asian Swing

**WASHINGTON (UPI) —** President Eisenhower hopes during his Far East trip to rally more support for American policies in the face of a stepped-up Chinese Communist campaign of infiltration and subversion in Asia.

He knows that he has his work cut out for him. In three of the four countries Eisenhower will visit — Japan, South Korea and the Philippines — the United States is having its troubles.

Only on the Chinese Nationalist stronghold of Formosa will he find serene relations. And even there the booming of Red artillery across the Formosa Strait is a constant reminder of the military as well as ideological threat to freedom in the Far East.

The Chinese Communists are jubilant in the wake of the summit crash. The Paris debacle brought to an end Soviet Premier Nikita Khrushchev's efforts to woo the West — a campaign which Peiping bitterly resented.

Chaos, upon which Communism feeds, has hit Japan and Korea in recent months. In the Philippines, ultra-nationalistic sentiment among some congressmen has troubled U. S. relations and defense arrangements.

## ARNER FORECASTS CC CITYHOOD HALT

Sam Arner, Cathedral City hotel owner and chairman of the Taxpayers and Civic Improvement Association which is opposing the proposed incorporation of Cathedral City, told the Board of Supervisors this week that his organization is already within 3 per cent of having the number of signatures required to halt incorporation proceedings.

The supervisors set the amount of cash to be paid to cover cost of publications of notices at \$200, giving the petitioners for incorporation not less than five days nor more than a month in which to deposit the money.

**A WEEK AFTER** receipt of the money they will set a date for a hearing, probably about 40 days hence. The hearing can be continued from time to time over a

**128 Banks Robbed** NEW YORK (UPI) — There were 128 successful bank robberies netting \$432,967 in the six months ended Feb. 29, 1960, according to the American Bankers Association.

This compared with 142 holdups and a take of \$734,748 in the same period the previous year. Banks were robbed of a total of \$885,226 in the past year, but of this \$432,259 was recovered.

period not to exceed two months. If at the hearing written protests are filed, signed by owners of land within the boundaries of the proposed incorporation representing 51 per cent of the total assessed valuation, the jurisdiction of the Board of Supervisors will cease. No election can be called, and a new petition cannot be initiated for a year.

**IF NO SUFFICIENT** opposing petition is presented, the board will set the final boundaries, and if they are convinced there are 500 inhabitants within the boundaries they will set a date for an election. Both proponents and opponents have urged a late fall hearing in order that people having fled the desert heat for the summer will have returned.

The latest hearing date under the schedule set up would be Sept. 12, but it could be continued over a period of two months with the final date for closing Nov. 7.

**ACCORDING TO** Arner many who signed the petition for incorporation are now signing the petition opposing it because, in his words, "They had many things misrepresented to them in order to get them to sign."

"Many signatures on the first petition were almost fraudulently obtained," declared Arner. "People have told us repeatedly that they were given to understand Palm Springs could swallow us up by annexation unless we incorporated. They've found out since that annexation could only come by the election of a majority and many of them have asked to have their names withdrawn."

## Shakes With a Reason

**LOUISVILLE, Ky. (UPI) —** An industrial resonance test that causes a steel pipe to crack itself is going one better than tenors who can shatter crystal glass by pure sustained tone.

Researchers at Tube Turns Division of Chemtron Corp. use rapidly spinning weights to induce test lengths of pipe to vibrate sympathetically in a way that, in minutes, simulates years of industrial stresses and strains, until fatigue occurs and the pipe cracks.

## Progress or Regression?

WASHINGTON, D. C. — Coming up for a first anniversary on June 16th is a landmark speech by Walter Robertson, who spoke as our then Assistant Secretary of State for Far Eastern Affairs — and the most stalwart pillar in our officialdom against any softening toward Red China.

Mr. Robertson's speech had the landmark quality, I think, because it notched the highest position ever reached in our postwar relations with the Orient. The address provides us with a reference point so that we can reasonably ask: Have we, in the past year, advanced or regressed in Asia? Such a query is pertinent because of the Summit failure in Europe, and because we have just met in Washington with the representatives of the Southeast Asia Treaty Organization (SEATO).

ON JUNE 16, 1959, Secretary Robertson said that, beginning in 1950, we enjoyed "a turning of the tide" in the Far East. We stopped the Reds in Korea and shored up defenses throughout the Laos - Cambodia - Viet Nam area. Although abandoning the Tachen Islands off the Red China coast in 1955, we backed up Nationalist China in holding Quemoy - Matsu in 1958.

We had rebuild Japan as a strong, industrialized supporter of the USA and the West. Mr. Robertson envisioned for the 1960's, at least by inference, a stabilizing, and gradual improvement, of our position in these areas.

BUT WHAT WAS the case last week as the SEATO visitors joined us in solemn conferences? What appraisal would such a staunch statesman for Americanism make today? In Korea there has been a disorderly overthrow of the Syngman Rhee regime. The new situation in Korea is not displeasing the State Department, but military men regard it with misgivings.

In Japan the pro-Western Kishi government is having trouble with the sort of mob scenes that often precede an overthrow. In Viet Nam, where we supported French imperialism as late as the mid-1950's, the situation is described by a State Department source as being close to what it was before the fall of Dienbienphu: "The legitimate government rules by day, the Communist terrorists by night."

THERE IS LITTLE to be cheerful about. If we reached a high point last June, we have clearly had a down — turning by this June. Mr. Robertson said with truth that disillusion and disgust with Communism had turned all Free Asia against it.

Even Asian eggheads, repulsed by Red China's seizure of Tibet and brutal regimentation of Chinese peasants, could not continue to believe that Chinese Communism, in Mr. Robertson's words, was "more Chinese than Communist" — hence, less to be feared than Western imperialism.

BUT, TODAY, Communism, no

longer advancing in Asia by persuasion, is threatening to spread by fear. There is no remaining doubt among Asians that the Chinese armies will march across borders. In years to come there will be a sea-going Chinese Navy to threaten Japan and the Philippines.

All the new countries of Asia are nationalistic and hopeful of buying time to develop. This they can do only under the protection of American armed forces — but they have no fondness for Americans. Every alliance is one of convenience.

AGAINST THIS background, the SEATO visitors were warned to expect probing attacks by Red China along the whole frontier. There is a feeling in the State Department that the 1958 artillery and air activity against the offshore Chinese islands was occasioned by the visit of the late Secretary Dulles — and that President Eisenhower's Far East visit may set off even bigger military demonstrations.

The whole picture is complicated by our own November election. If it goes to a Democrat, there will be pressure from our Leftists to reopen the key questions of continuing to support Nationalist China and of continuing to reject any recognition of Red China.

If we weaken on these matters, we will have tumbled all the way down from the high point which Mr. Robertson marked about a year ago.

## This Side of The Sun

By Phat

When it comes to beauty Pageants I really can complain I missed the one in Palm Springs. At the beach it looks like rain.

Being on vacation and, therefore, absent from the Village, I missed the annual Miss Palm Springs contest, scheduled Friday night at the Riviera.

So I thought I'll go to my favorite beach on the bluff overlooking the beach and watch the Parade of Pulchritude there as a substitute.

I MIGHT AS WELL have stayed home. It has been somewhat chilly all week and today there was a slight drizzle.

A few hardy souls on the beach, mostly muscle men, doing calisthenics to keep their blood circulating and for the benefit of a few girls, wrapped in blankets from head to foot.

Even the Old Codger didn't show up. I understand the damp weather aggravates his rheumatism.

So I went home early and read time-tables.

IN FACT, the only bright sustained sunshine I have experienced all week has been at Hollywood.

It's a peculiar circumstance but in Palm Springs I wander around in bright sunshine more than nine months of the year, never wearing a hat. And nothing happens.

But I sit on the club house terrace two hours and the next day, brushing my hair is a painful task, my head is so well cooked.

H. G. COULTER, of 810 Paseo El Mirador, believes he has the answer to that perennial question asked by Louis Venger seeking the origin of the saying: "All Men Are Brothers." Mr. Coulter writes that "All Men Are Brothers" is the title of a Chinese Classic that has been translated into English by Pearl Buck.

MR. COULTER adds "The term 'Chinese Classic' certainly suggests venerability, so I believe this is the answer to Mr. Venger's long standing search for the origin of the aphorism which has provided the theme for so many writings, philosophies and preachments.

"For all I know the Chinese version may antedate the Christian era. My authority x x x is to be found in the biological appendix of an anthology entitled 'The Nobel Prize Treasury' available at the public library."

MR. COULTER, by the way, was recently nominated as a candidate for the Nobel prize in literature for his play: "Time for Rebellion" according to one review, "is a profoundly challenging play with much to say. For such reasons it is deemed worthy of publication prior to production. (Greenwich Book Publishers, \$3).

The Nobel prize awards are announced in December. But, says Mr. Coulter, "I am not going to hold my breath in the meantime."

## Les Girls (and Boys)

As it must to all men, we come face to face with a most important subject this cool Tahiti morning. It comes as it must to all men — but particularly to the South Seas writer. (The others just come home and lie like crazy about it.)

The South Seas writer of earlier years was made of stone. Temptation only made him flatter.

"CHIEF TAARAAHAAHAA then approached me, followed by his lovely daughter, whose Polynesian name means When-it's Roundup - Time - in Ralatea - I'll - Be - Around With-You."

The Chief then explained to the South Seas writer how Boy Meets Girl, etc. etc.

"I THANKED HIM profusely," wrote the master of belles lettres, "but explained that according to the customs of my land, etc., etc."

In other words, the writer of those days took a look at all this deep - dish coconut pie. And he said, no.

I don't believe a word of it. THIS KIND OF propaganda has made it appear that Tahiti is a man's island. A Paradise of languorous tropical ladies with hibiscus in their hair.

Nobody has touched on the opportunity for the foreign female. Fortunately, we were able to contact an American tourist lady whose name is withheld, pending notification of next of kin.

"THE TAHITIAN man is certainly an improvement after you've looked over those shop-worn Waikiki beach boys," she said. "At first, I thought to myself, 'Harriet, you're an absolute fool to spend your money flying all the way to Tahiti. The competition is probably worse than a cruise ship during the schoolteacher months.'"

"BUT DO YOU know? It didn't turn out like that at all. These boys are simply mad about

blondes. I suppose it's the change of scenery. Why, even those cute French sailors in the real pom-pom hats came over and asked for a dance."

The lady said she sat around Bar Lea — it is a small, crowded dance floor on a sandy street in Papeete.

"NOT A TAHITIAN boy came by. Finally, this French sailor came over and said, 'Voulez vous something — so I supposed he must be asking me to dance. That is how I met Edouard.'"

"The French sailor's name is Jean. He explained that Tahitian boys are very shy. He introduced me to Edouard, who is a chief's son from the Tuamotus. Do you know what he did for me?"

"HE GOT ME a coconut. Wasn't that sweet? He went right up a coconut tree. Just like you see it in the travelogues. He got this coconut and split it open — they split it on a sharp iron stake. He let me drink it."

"He did this at the dance?"

"OH, NO. THAT was when we were driving around the island the next day. I rented a little Renault Dauphine. Edouard loves to ride."

She said Edouard was the very soul of politeness and gentility — "and the handsomest person you ever saw."

IT IS VERY difficult to get an explanation of the social customs from Americans who live in Tahiti.

"Writers come down here and put too much emphasis on the boy and girl things," said Jack Lynch. Jack Lynch runs the Grand Hotel, he is an agent for South Pacific Air Lines, who fly weekly from Honolulu.

HE THOUGHT there ought to be more writing about the scenic attractions. I asked the American tourist lady about that. She said she had toured the island's 139-mile drive with Edouard. The scenery, she said, was grand.

## Touch and Go

HOLLYWOOD — It was touch and go there for awhile but packager Don Sharpe's smile and star John Vivyan's broad grin can only mean that Lever Bros. picked up Mr. Lucky for a second season. And wouldn't you know it — CBS wants to keep the series now that NBC is bidding for it. So whoever comes up with the best timeslot wins!

Ralph Edwards, always on the move to better his show, is now in Europe hoping to land a blockbuster opener for This is Your Life. It'll be his ninth year and rumor has it, he's after a royal name. A nice guess would be Mrs. Armstrong-Jones.

EFREM ZIMBALIST, JR. still has another week to go in Reno for his divorce and still no settlement with his wife, Steffi.

Joanna Barnes really can't kick — she wears a real ball-and-chain for every one of her scenes in Maverick.

What's happened to Patty McCormack — that Bad Seed girl? Well, sir, the Chevy Mystery Hour is starring her in her first grown-up role and how old do you feel this evening?

FOUR STAR MAY be wringing Johnny Ringo out of their TV lot but they still want to keep Don Durant under contract. So here's a case of a so-so series that's proved a springboard for better things. Mark Goddard, same series, is also on his way up.

Dwayne Hickman is spending weekends summer house-hunting at Laguna. Looks like the high rents of Malibu are sending 'em South down the coast a-ways!

Ed Sullivan's independent company is editing that huge backlog of Sunday night shows for overseas distribution. They'll be chopped down to a half-hour and sent to England, Paris, Rome, Australia, and Japan. And did you know there are quota restrictions on selling our shows abroad — only one in every 20 series makes the sale over there.

CHILLING THOUGHT: Will

the sale of frozen TV dinners fall now that The Alaskans has been dropped?

News from Paris via Mike Connolly has it that the greatest demand for movies in Europe is by the director and not according to the actors in them. At parties, the discussion always gets around to the director and not Lana Turner or Marilyn Monroe! Mervyn LeRoy is very large in Paris with the marquee reading: "Un Film de Mervyn LeRoy — 'La Police Federale Enquete'." And that's "The FBI Story" the hard way!

Betsy Drake flew to London to be extra close to Cary Grant while he's making "The Grass is Greener." Chalk up one more reconciliation.

UNDER COVER until now but RCA is searching the country for a successor to the late great Mario Lanza. Thousands have been auditioned for the BIG buildup — but a voice like Lanza's only comes once in a generation.

Andy Griffith knows an esdmo fortune teller who reads the future with iced tea leaves!

Mamie Van Doren is worried those stags cluttering up her living room are after her money. She just got an advance of \$100,000 to do something called, "Red-head From Madrid" and expects another \$150,000 for her role in "Sex Kittens Go To College."

WONDER IF YOU remember the sad parting of Jane Wyman and Fred Karger a few years ago. In any event, Jane hasn't found it too easy to bring up her daughter so Jane and Freddie are back together again for a new go.

As recently as last spring Laurence Harvey had to be sold to American producers despite "Room At The Top." Now he's the most sought after male star because he's hot at the banks and because he's the unusual combination of a personality and a fine actor!

When Bobby Darin saw his rushes for "Pepe," he said, "Look — I'm a Method singer!"

VATICAN CITY—Pope John XXIII calling for individual self-sacrifice for the common good to improve the international situation.

"Every state has at its heart, in particular, to assure the healthy development of its country, wisely taking count of realistic possibilities and above all, respecting the true spiritual values which is the soul itself of a people."

GAINESVILLE, Fla. — J. M. Wood, 55, explaining the strategy that helped him stay awake more than 232 hours in a motor boat:

"I thought about spiritual things. I'd thought about to take time out to think about things for a long time. This was a good chance."

MONAHANS, Tex. — Sheriff W. B. McNeerlin, stating the doesn't know what charges will be filed against a mental patient who came home on a three day pass, found his wife with another man and killed them both:

"I don't know what the outcome will be. There's that unwritten law, you know. I guess he had a right to shoot the man, but he did not have any right to shoot his wife."

#### 'HAPPY' STARS RONNIE BURNS

### Village Locale for New TV Show

By VERNON SCOTT  
HOLLYWOOD REP — If George Burns and Gracie Allen didn't set aside a nest-egg during their salad days, who cares?

Their son Ronnie can pick up the tab.

THE TALL, QUIET sprout has a TV show of his own now, which is more than can be said for mom and pop.

Ronnie makes his debut tonight in "Happy," a situation comedy series scheduled as a 13-week summer replacement. If young (24) Burns cuts the mustard, he'll stay on the air next fall.

But going it alone is a rough assignment. For years Ronnie played a somewhat bumbling adolescent on his parents' enormously popular show. His role was well-written, but if he wasn't a three-alarm Brando in every scene, it didn't matter. George and Gracie were there to take over.

HOW DOES RONNIE think he will fare now that he's been weaned?

"I gotta go it alone, and I've gotta be good," he said. "It's not going to be easy carrying the program on my own shoulders, but we've got a fine crew. And my leading lady, Yvonne Lime, is mighty pretty and a darned good little actress."

"TO MAKE THE SHOW a success I'll have to work my hardest the whole time. I could more or

less take it easy on the 'Burns and Allen' show.

"Another thing, with mom and dad I was playing myself. Now I really have to act. I'm putting myself into another character and trying to establish a believable and realistic relationship with the rest of the cast."

RONNIE'S NEW ROLE is that of a young husband and father who runs a hotel in Palm Springs.

The hotel setting gives the writers an opportunity to run all kinds of oddballs and celebrities (there's a difference?) into the scripts.

"My parents haven't seen any of the shows we've completed yet," he said, "but they are very proud that I have a show of my own."

Will George Burns and Gracie Allen ever appear on the show?

"I don't know," Ronnie concluded. "We'll see how the program gets along this summer."

### Villager H.G. Coulter Gains Nomination for Nobel Prize

By GEORGE LAINE

Since the day in 1901 that Alfred B. Nobel first endowed his now famous awards for achievement in many fields, his name has become synonymous with the best that man can create in those fields.

A list of past winners of the awards would make for a name-dropper's paradise but I'll forego that pleasure and tell you instead of a Village author who has been nominated for the 1960 award in literature.

HIS NAME IS H. G. Coulter and he lives at 810 Paseo El Mirador. He has been a writer for most of his life — much of it without fit reward — and it is significant that his publishers, the Greenwich Book Publishers, Incorporated, of New York, placed his name in nomination for the high honor.

It might be fitting if I stepped aside at this point and allowed Carl Buehler, who is president of the Greenwich house, and E. L. Barrington, who is editor-in-chief for the firm, to detail here their reasons for believing that Coulter, who isn't as well known as he ought to be, is a suitable recipient for this high award. The rest of this column is theirs:

"WE BELIEVE THAT Mr. H. G. Coulter, as author of the work entitled 'Time for Rebellion,' is worthy of consideration for the Nobel prize in literature. Accordingly, we have placed this writer in nomination and have submitted a copy of his book to the Swedish Academy in Stockholm.

"The reasons for the nomination are broadly based upon the ethical, spiritual and ideological elements of the work, all of which contribute to its universality. To begin with, it amply fulfills the essential requirements set forth in Alfred Nobel's will, which specifies that, in the field of literature, the award shall go to an author whose work is characterized and distinguished by an idealistic tendency.

"'TIME FOR REBELLION' is replete with an idealism that

transcends the trivial and sets the work apart from the great mass of contemporary output. In this respect, it is perhaps unique in the area of current dramaturgy. Yet it does not sacrifice realism, characterization, color or humor to the serious ideological content.

"Employing twelve characters who typify great segments of society, with a valiant protagonist who stands and speaks for all mankind, the author has fashioned a creation of strength and significance, set in the territory of conscience and exploring the theme of individual freedom in a so-called free society in an allegedly civilized world. Here is a drama in the grand manner.

"THE THEME IS freedom of conscience, with special attention to its bearing on the emancipation of mankind from political prostitution and enslavement. Like

"Dr. Zhivago," the play is supercharged with moral passion. At the storm center is a Christ-like rebel who, in the name of God, stands up in defiance against the juggernaut of arrogant secular authoritarian usurpation. Speaking for mankind as well as his accused client, "the Defender" calls upon all men to stiffen their resistance to total secular domination and its concomitant moral subversion. As a climax, he outlines a new, sensationally idealistic, yet practicable approach to the attainment of world peace. Based upon a case processed through American legalistic channels, the attendant circumstances and the trial itself are essentially authentic.

## Buhl Throws Braves Win Over Dodgers

Old Milwaukee  
Hurlers Coming  
Alive for Wins

By United Press International  
Charlie Dessen's had his say and now the old Braves are having their way.

Dessen told the world last spring how Milwaukee's young pitchers would carry a greater load this year but here are the Braves making their first real push of the season — and it's the tried and true veterans of the staff who are sparking it.

**THE BRAVES HAVE** won six of their last seven games and Warren Spahn, Lew Burdette and Bob Buhl, the "big three" of the Braves, have accounted for five of the victories.

It was Buhl's turn Tuesday night and the hatchet-faced right-hander indulged in his favorite form of amusement by gaining credit for a 6-4 win over the Los Angeles Dodgers. Buhl has scored two of his five victories this year over the Dodgers and stands 2-9 for a .710 percentage against them for his career.

**THE VICTORY MOVED** the Braves to within 3½ games of the first-place Pittsburgh Pirates, who were routed, 13-2, by the Chicago Cubs.

The Cincinnati Reds beat the San Francisco Giants, 5-1, and the Philadelphia Phillies defeated the St. Louis Cardinals, 5-3 in other National League games.

**THE CLEVELAND** Indians routed the Boston Red Sox, 12-3, and moved to within 1½ games of first place when the Detroit Tigers beat the Baltimore Orioles, 5-2, the New York Yankees topped the Chicago White Sox, 5-2, and the Washington Senators beat the Kansas City A's, 7-2, in the American League.

## Machen Favored To Beat Johnson In Bout Tonight

CHICAGO — **UP** — Eddie Machen is a heavy favorite to beat Alonzo Johnson in a televised 10 round bout tonight to strengthen his campaign to regain the No. 1 rating among the heavyweight challengers.

Machen, who has lost only to champion Ingemar Johansson and Zora Folley in 36 pro bouts, believes he can climb back from his current No. 4 rating by beating every other battler in the top ten.

Then, he said, either Johansson or former champion Floyd Patterson, who meet for the title again on June 20, would have to give him a title chance.

## Monti Tops 10 Qualifiers for U.S. Open Field

**NAPA — UP** — Eric Monti of Los Angeles fired a two-round total of 69-89—137 Tuesday to top 10 qualifiers for the National Open Golf Tournament.

The professional from Hillcrest Country Club collected nine birdies to finish seven-under-par for the two rounds. He had only two bogies on the 7,500-yard Silverado Country Club course.

Ken Venturi of Palo Alto finished second with 71-68—139. He had seven birdies and two bogies, but didn't putt as well as Monti.

**Other qualifiers:**  
Jerry Barber, Los Angeles, 70-71—141; Jim Ferrier, Burbank, 72-71—143; Paul Runyan, La Jolla, 73-71—144; Ray Hane, Inglewood, 74-70—144; Charles Courtney, La Jolla, 77-69—146; William W. Farish Jr., Pebble Beach, 71-75—146; Marshall Holt, Port Hueneme, 75-71—146; William Spiller, Los Angeles, 75-71—146.

## ARCARO WITHOUT HORSE FOR BELMONT THIS SATURDAY

**NEW YORK — UP** — Eddie Arcaro, the master stakes rider, is a man without a mount for Saturday's \$125,000 Belmont Stakes, the third gem in Thoroughbred racing's Triple Crown.

Arcaro had been scheduled to ride King Ranch's Disperse in the mile and one-half classic at Belmont Park. But when Disperse took an eight-length trouncing by Tooth and Nail in Monday's New Rochelle purse, Arcaro decided the grass might be a bit greener elsewhere.

## Final Run in On Walk

Desert Hot Springs and the Mexican Colony battled for eight innings last night in Desert Softball League play at the Polo Grounds, with the winning run scored by the Colony nine without a hit.

In games tonight Coachella Valley Savings and Loan will meet Massey Sand and Gravel in the opener, with California Water and Telephone Company playing Mazula All Stars at 9:15.

**THE COLONY WIN** — 6 to 5 — was accomplished by walking of four men in the inning, coupled with an error.

The two teams have been rated potential champions this year in the summer softball loop sponsored by the City Recreation Department, and the Colony now has the early edge.

Oscar Prieto received credit for the win. He gave up nine hits and struck out four.

**PAUL PIPPIN** took the loss. He held the Colony to six hits and struck out five.

Errors figured in two of the scoring innings for the Colony, with DHS players charged with three in all. The single Colony miscue also came during a scoring inning for DHS.

Charlie Black homered for DHS in the seventh frame, when his team scored two runs to tie the score.

The line score:  
DHS 201 000 20—5 9 3  
Colony 000 023 01—6 6 1

Paul Pippin and Charlie Black; Oscar Prieto and Vic Reyes.

## Moore to Defend Title in Toronto

**TORONTO — UP** — Toronto won out over three American cities as the site for the Archie Moore — Eric Schoepner light heavyweight title fight next month because it offered the best guarantees.

Promoters in Los Angeles, Milwaukee and Jersey City, N. J., also had sought the fight, but Mayor Nathan Phillips of Toronto announced Tuesday that the bout will be staged at Varsity Stadium July 18.

## WIGHTMAN DRAW PITS TWO STARS

**LONDON — UP** — The draw for the Wightman Cup tennis matches between the leading women players of the United States and Britain today pitted Karen Hantze, San Diego, against Ann Haydon in Friday's first singles contest. The seven-match series will be played at Wimbledon.

Darlene Hard, Montebello, Calif., will play Christine Truman in Friday's other singles match. A doubles contest pitting the misses Hantze and Hard against Miss Haydon and Angela Mortimer will conclude Friday's play.

The competition will end Saturday with four matches—three singles and one doubles. Miss Hantze will play Miss Truman, Miss

## Pigeon Shoot Set for Weekend

**TIJUANA — UP** — The Third International Live Pigeon Shoot is scheduled for Friday, Saturday and Sunday at the Club Cinegetico de Tijuana.

Friday's shoot will open with a free five-bird shoot to acquaint new shooters with the sport. The Saturday shoot will have a Calcutta pool.

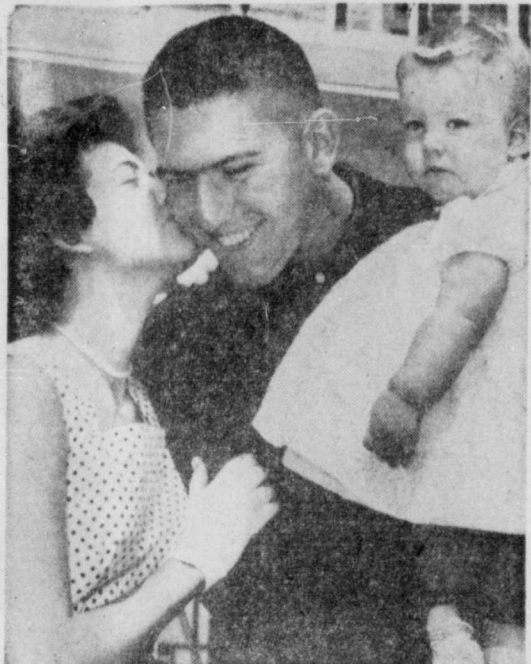

## Coed Leads Gals Southwest Golf

**LAS VEGAS — UP** — Arizona State coed Sherry Wheeler led the 16 qualifiers into the championship flight today of the Women's Southwestern Amateur Golf Tournament.

Miss Wheeler, a 19-year-old Glasgow, Ky., native, shot a 79 Tuesday to win medalist honors in the qualifying round.

## Ex-Hurler Succumbs

**FRYEBURG, Maine — UP** — Funeral services will be held Wednesday for former major league spit-ball pitcher Raymond W. Jordan, who died in Meriden, Conn., Monday at the age of 70. He played with the Chicago White Sox in 1912 and later with Washington.

**RECEIVING PARTING KISS** from his young wife and a hug from his small daughter, Dickie Dietz, 18-year-old catcher on his way to Artesia, N. Mex. ## Wall Leads Qualifiers In U.S. Open

Pennsylvanian  
Leads All Entries  
In Golf Classic

By United Press International  
Art Wall is back on the ball. Unable to defend his Masters title earlier this year because of a kidney disorder, the lean Pennsylvanian fired a record-breaking, eight-under-par 63 at Oklahoma City Tuesday to lead all qualifiers for the National Open golf championship.

**WALL WASN'T EVEN** listed among the top 25 money-winners in the most recent PGA standings but he is almost certain to wind up as one of the top choices when the 129 qualifiers join 21 exempt players for the Open at Denver June 16-18.

The veteran shotmaker from Pocono Manor, Pa., turned out at the Twin Hills Country Club course at Oklahoma City with most of the touring pros Tuesday to battle for 34 available berths in that section.

**WALL SHOWED THE** way with an impressive 65 in the morning round and then added that record 63 after lunch for a nifty 36-hole total of 128. He bogeyed only one hole for the double round, turning in 15 birdies and matching par on the remaining 20 holes.

Jimmy Clark of Saticoy, Calif., finished second behind Wall in the 67-man field at Oklahoma City with a 132.

**A PAIR OF FORMER** Open champions, Julius Boros (1952) and Lloyd Mangrum (1946), also qualified at the same site along with such other "name" pros as George Bayer, Paul Harney, Doug Sanders, Henry Ransom, Pete Cooper and former National amateur champion Charlie Coe. But Al Bessellink and Don January failed to make the grade.

The second-best aggregate score was turned in by Eric Monti, who led 10 qualifiers at San Francisco with a 137.

**ED FURGOL**, who won the 1954 Open, qualified at Washington, D.C., but Lew Worsham, another former champion, didn't.

Billy Maxwell, another nursing a sore back, fired a 138 to lead six qualifiers at Fort Worth, Tex., and Chick Harbert paced nine Detroit qualifiers with a 139.

## PD'S DAWSON TIED FOR SENIOR LEAD

**RYE, N. Y. — UP** — John Dawson, of Palm Desert, Calif., and Allan Rankin, of Columbus, Ohio, were tied for the lead today entering the second and final round of the National Seniors Golf Association Championship.

Dawson, who won the tournament the last two years, and Rankin each turned in three under par 69s on the Westchester Country Club's south course Tuesday. They will play their final round today at the nearby Apawamis Club.

**TWO COURSES ARE** being used for this year's championship because of the record entry of 408 players, all of whom are 55 years and older.

Dawson, now 57, was the finalist in the National Amateur Championship in 1947. He missed only one fairway with his booming drive, Tuesday, and putted extremely well.

**RANKIN, TOO,** WAS pleased with his performance in the first round.

"I played steady golf and I hope I can keep it up," said the 66-year-old Ohio banker.

## Smith Wallops Dixon in Olympic

**LOS ANGELES — UP** — Johnny Smith defeated Archie Dixon Tuesday night in Olympic Auditorium's middleweight main event, scoring a knockout in the eighth round.

Smith, 155, collected his 10th consecutive victory in easily taking Dixon, 155. Both fighters are from Los Angeles.

## FIGHT RESULTS

**RICHMOND, Calif.** — Bobby Sanders, 140, San Francisco, outpointed Kid Bayo, 147, Nicaragua 10.  
**FRESNO, Calif.** — Gil Cadogan, 131, Los Angeles, drew with Noel Humphries, 129, Spartanburg, W. Va. 10.

the citation for the 150 hours of service each which the Troop 199 Scouts gave to their churches to the past year. The God and Country awards were the first in four years made here, the second presented in Community Church, Fellow Scouts and the proud parents of the boys, Mr. and Mrs. Robert Ashbaugh, and Mr. and Mrs. John L. McMichael, were on the platform during the presentation, made during the Community Church's Sunday School graduation ceremonies.

## Indian Wells Restaurant Loses Appeal

County Refuses Appeal Based on Past Litigation

In spite of pleas by Gordon Cologne of Indio, attorney for Mrs. Ann Lewis, the Board of Supervisors voted four to one this week to uphold the planning commission's denial of a variance which would have permitted her to reopen "The Hogan," a restaurant in Indian Wells which was closed several years ago because of litigation.

On hand to oppose the variance were H. L. Cavanaugh, secretary of the Indian Wells Property Owners Association, Don Mitchell, a member of the management committee of the association, Dick Deman representing Ray Ryan, developer and large property owner in the area, and John Babbage of Riverside, attorney representing a large number of landowners in the area.

COLOGNE SAID Mrs. Lewis is the sole support of herself and two children. She earns \$300 a month as a secretary. The restaurant was closed several years ago when her husband left Mrs. Lewis. It remained closed because of difficulties in obtaining a clear title, the whereabouts of the missing husband being unknown.

In the meantime the area was zoned putting the restaurant in an R-3 (general residential) zone. Because of the length of time it was closed after the zoning became effective, it lost its status of "non-conforming" and the only way to reopen it would be by a zoning variance.

COLOGNE SAID Mrs. Lewis had tried for some time to find a tenant for the restaurant building and has finally found one who would guarantee her a net income of \$200 per month. "She needs this money to support her children," he declared. "This is a hardship."

The planning commission disagreed. They said there is no hardship, and that a variance would in effect be spot zoning. Cologne said the restaurant building is a single purpose building unsuitable to the uses permitted in an R-3 zone and that it is surrounded by non-conforming properties.

JOHN MCCARTHY, one of the would-be lessees, maintained that structure-wise the building is one of the finest in the area, is built of logs, and has quaintness and individuality. "We do not plan to have a hangout for ne'er-do-wells," he said, "but a nice family restaurant as it once was."

"We have no intent to put anyone out of business or keep them out of business," said Deman, "but we do not believe the building as a restaurant would be conducive to good development of the area."

"It would be a breakdown in an attempt to upgrade the area," said Cavanaugh.

"The greater good for the area as a whole seems paramount," agreed Mitchell.

"THE REQUEST of Mrs. Lewis is out of character with the development of the area and would be spot zoning," declared Babbage. "Mrs. Lewis has a very valuable piece of property and there is no hardship. Granting her request would be granting her special privilege."

Said Supervisor George Berkeley in making the motion to deny the variance, "The area was zoned after a great deal of study, and is now being re-studied because of proposed development. I do not believe a spot zone should be permitted to upset it."

The lone vote against denying the variance was made by Supervisor William Jones without explanation.

Israel has purchased more than 33 million bushels of surplus livestock feed grains from the U.S. since 1954, more than any other country. Second was South Korea with more than 29 million bushels.

THE DOOR IS SECURELY locked on the Del Tahquitz Hotel, at 316 South Palm Canyon Drive, marking the end of the hotel's three decades as a Palm Springs resort landmark, as Miss Betty Williams, assistant secretary of the Santa Fe Federal Savings and Loan Association, turns the keys over to Brooks Forester, left, representative of the Irvine Patrol, which will help protect the old building until it is razed, possibly the end of this month. James E. Given, vice president and

general manager of Santa Fe Federal, gives the door a final test as the hotel which once was among the "big three" of Palm Springs resort addresses, echoes only memories. Santa Fe Federal purchased the hotel and its 200 by 300 feet site for approximately \$500,000, as the location for the new Santa Fe Federal office building here, which is expected to cost an additional \$500,000. Tentative plans call for a two-story office building plus off-street parking. (Desert Sun Photo)

Approval of a county allocation of \$8,000 to match that of the Federal Aviation Agency to cover the \$16,000 cost of extending commercial power to the Cactus City plant building of the county communications department was approved by the Board of Supervisors this week. The power will also be used for the FAA beacon. It will be furnished by the Imperial Irrigation District.

According to Communications Director Harvey O. Platt, installation costs will be amortized in three years from savings in costs of fuel, maintenance and man hours on the present power generation equipment.

## Fisher Honored With Preserve Land Purchase

INDIO — Pan American Day Committee has taken action to honor its founder, the late William Fisher of Indio, by purchasing an acre of Coast Range Reserve in Mendocino County through Nature Conservancy.

His name will be recorded on the register of the preserve, which is operated by Nature Conservancy, a non-profit organization recently described in an article by William Hard, titled "Save a Spot of Beauty for America," in the January 1960 Readers Digest.

The committee also started plans to inaugurate a scholarship in Fisher's name for a "worthy student of the Valley."

A program of travel pictures and talks was adopted for the coming year, to promote the good neighbor policy of the "Organization of American States."

## Parrot Leaves Home -- Ends in Drunk Tank

MOBILE, Ala. (UPI) It was bad enough to be a parrot who didn't speak the language. It was worse to be a boy parrot named Lucy. So Lucy, the Spanish-speaking parrot, flew away from his new home at Daphne, Ala., last October and set out to learn the local customs. He ended up Monday in the drunk tank of the Mobile jail on the complaint of a woman who accused him of disorderly conduct.

LUCY, A NATIVE of Honduras, was brought to Daphne last fall by garage owner R. N. Davis. Davis had been hunting everywhere for his pet since Lucy disappeared.

Monday a woman called the police station here and complained to Lt. Walter Burch that a disorderly parrot was perched atop her house and was annoying the whole neighborhood with a torrent of Spanish that sounded "like an antique phonograph."

POLICE CLIMBED to the rooftop and lured Lucy down from his perch. At the station Lucy pecked the arresting officers and tried to sit on Burch's head. The lieutenant caged him in the drunk tank. Davis heard that a parrot was in custody. He went to the station and recognized his long-lost pet. The sound of his native tongue calmed Lucy, and all charges were dismissed.

## Chile Relief Need Held Most Urgent

EDITOR'S NOTE: Jorge Bravo, a native of Chile and now a Latin American editor for United Press International in New York, went to his homeland with a U. S. Army aerial relief convoy carrying supplies to the earthquake-stricken nation.

By JORGE BRAVO  
SANTIAGO, Chile (UPI) — The autumn is ending in Chile now. The nights are becoming bitterly cold. A roof and four walls has become an urgent need for 400,000 left homeless by the devastating quakes.

Another 150,000 live in houses badly damaged by the tremors that began May 21.

FROM CONCEPCION south along a 500-mile strip lies the worst damaged areas. From Concepcion north, some 150 miles up to Chillan — epicenter of the 1939 quake which killed about 40,000 people — there are also hundreds of destroyed or damaged houses.

Schools and hospitals were left standing in most places. But all schools in the disaster area have been closed and will be for at least two months. The structures

are being used as shelters for the homeless.

ALL ALONG THE area, the people are being given food. They also receive clothes, blankets and household utensils. They don't know what to do with the latter because they have no place to use them.

The Chilean government estimates that at least 100,000 housing units are needed as soon as possible.

PRESIDENT JORGE Alessandri has ordered the state housing agency to deliver the first 1,500 two-room units before the end of June. Almost all will be prefabricated structures to be manufactured in the industrial centers of the north and moved by train, truck and plane to the stricken area.

Losses in residential property alone are estimated at more than half a billion dollars.

In Southern Chile it is the rainy season. But it has rained little so far in the Valdivia-Puerto Mont area.

HOSPITALS HAVE discharged most of the injured and these buildings are used as emergency housing. Debris has been cleared in most places and people both in cities and villages are joining together to improve homes for those without shelter and to repair minor damages.

Valdivia and Puerto Mont lost about 40 per cent of their entire living space. There are no figures for the smaller towns and villages and fishing centers along the rugged coast hit by the May 23 tidal wave.

THE HOMELESS WHO are not living with relatives or friends have found shelter in government buildings. In some places, the civil defense organization, armed forces and police have set up tent cities.

The food and clothing received from the United States, Latin American and European countries are being distributed by the army. But everywhere people are clamoring not for food or clothes but for nails and tools and wall and roofing materials for the winter.

Supervisors Set Budget Studies

The board of supervisors adjourned this week to 8 a.m. Friday, when they will commence work on the preliminary budget for the fiscal year of 1960-61.

Palm Springs, California, Wednesday, June 8, 1960

MR. AND MRS. RICHARD EMMETT LEWIS are the former Lynnda Alles, daughter of Major and Mrs. George Joseph Alles of 1385 Buena Vista, who followed their Saturday wedding. She is pictured as they cut the cake at the reception.

## Lewis-Alles Vows Said

Lynnda Diane Alles, daughter of Major and Mrs. George Joseph Alles of 1385 Buena Vista, wore a Jacques Heim gown of pale gold when she was married Saturday evening to Richard Emmett Lewis. The young couple said their vows before Rev. Michael O'Donohue at St. Theresa Catholic Church.

## Graduation Party Is This Friday

Members of the Class of '60 will be honored Friday by a graduation party at the Racquet Club. Parents of Palm Springs High School's graduating seniors are sponsoring the event by donations with Mrs. Weston Naef as the chairman of the Senior Parent committee.

Pat Barbara's five-piece orchestra will be on hand to provide the music during the hours of 11 p.m. until 3 a.m. the following morning. Food will be served buffet style during dancing intermissions and the mothers of the seniors will serve coffee and coffee cake at 3:30 Saturday morning.

Dress will be formal or semi-formal, and the guests may bring other clothes, such as bathing suits or Bermudas, if desired. Only seniors and their dates have received invitations to this event.

## Cosentinos Host Tea for Sister Lucia

The lovely home of Mr. and Mrs. Tony Cosentino on Pasatiempo Road was the setting Sunday afternoon for a farewell tea honoring Sister Lucia who is leaving St. Theresa School after serving six years there. The beautifully appointed tea table had an elaborate centerpiece of pastel-toned early summer flowers.

Among the Sisters attending were Judith Ann, Suzanne, M. Anselm and M. Keith.

Other guests were members of St. Theresa Mothers Club and included Mmes. Arnold Anderson, James Crowe, Earl Hough, Eugene Bergeron, John Marinko, Jerry Floyd, Howard Haddock, Robert Clark, Patsy Benfante, Sal Alessandro, Frank Gaudiello, Anthony Rizzotto, Joseph Poist, Tom Sills, J. J. Strayham, June Bishop, Mildred Edwards, Florence Wolington and others.

## Baby Shower Given for Mrs. Williams

A tea and baby shower, honoring Mrs. Donald Williams, was given by Mrs. Con Maffie Saturday afternoon at her home on Sagebrush Road.

The tea table was covered with a pink net cloth, caught up at each corner by a nosegay of flowers, and the white umbrella centerpiece was covered with blue lilies of the valley.

Guests at the shower were Mesdames John Williams, Merritt Williams, Vahan Alchian, Richard VanderVeer, Russell Henry, Ted Ratcliff, Daniel Newton, Merrill Crockett, Doak Davis, Donald Macpherson, Bruce Walter, Cecil Larson, James Shilling, Lyman Bannister, Paul Summitt and Henry Greeley.

## Kenneth Grows Home From San Francisco

Dr. and Mrs. Kenneth Grow have returned to their home on Mesa Drive following a trip to San Francisco where the doctor attended the Eye Resident meetings at the University of California Medical School and also the meetings of Pacific Coast Ophthalmological in the St. Francis Hotel, where he was elected second vice president of the society.

Plans for the 1961 spring meeting of the Pacific O and O to be held in Palm Springs were also discussed.

Prior to the San Francisco meeting the doctor was in Indiana where he attended meetings and conferences at the University School of Medicine and in Iowa City at the Iowa Medical School.

## Has Party at Tamarisk Park On 9th Birthday

Cahuilla School classmates of Patricia Erickson, daughter of Maurice Erickson of 1327 San Lucas Road, helped her celebrate her ninth birthday at Tamarisk Park after school.

Games were played followed by a picnic supper of hot dogs, soft drinks and a huge birthday cake. The Ericksons have been here since December from the Isle of Pines in Cuba which is their original home.

## Third Son Born to William Mangers

A third son was born to Mr. and Mrs. William Manger of Newhall on Saturday, June 4. Former residents of Palm Springs, where he was on the police force, Manager is now a Deputy Sheriff. He and his wife, the former Judy Watlet, have two other sons William James, aged two and a half, and Robert Alan, aged one and a half. The new baby weighed in at nine pounds one ounce.

Maternal grandparents are Mr. and Mrs. Jules Watlet of 476 North El Segundo.

## Frances Ripley Is Graduating

Frances V. Ripley, a senior at Scripps College, at Claremont, is a candidate for the degree of bachelor of arts at commencement exercises scheduled Friday, June 10 at 2 p.m. on Elm Tree Lawn.

Miss Ripley, a social studies major, is the daughter of Mr. and Mrs. George Ripley of 1165 Linda Vista Rd., Palm Springs. Campus activities included French Club, Ski Club, Tri-College Yacht Club, school annual staff,

## Dear Abby...

...by Abigail VanBuren

DEAR ABBY: When I was 18 I made a mistake and had a baby out of wedlock. I paid for my sin and my sister is keeping my baby for me. She is a darling little girl almost 3 now. I am going to take her back as soon as I am married.

I met a swell fellow and he knows about my past. He is studying to be a minister so you know he is all right. We love each other very much and he asked to marry me. He took me to meet his parents, but before we went in, he asked me not to say anything about my little girl. I didn't say a word.

Now he wants me to keep it quiet until after the wedding. He said his parents are narrow-minded and wouldn't understand. They are going to have to know sooner or later and I don't feel right keeping it from them. Don't you think he should tell them before the wedding?

**NOTHING TO HIDE**  
DEAR NOTHING: His parents should certainly be told before the wedding. Surely they know that only he who is without sin should cast the first stone.

DEAR ABBY: I fell in love with a young dentist. He is married but I've seen his wife and she's not so hot. I am much cuter.

Well, I wanted to get to know him better so I made an appointment. There was absolutely nothing wrong with my teeth because I had just been to my own dentist and he said so. But this young dentist took a full mouth X-ray for which he charged me \$30. Then he cleaned my teeth for \$10. Now he tells me I have four impacted wisdom teeth that must be extracted. He says that will cost \$150.

All this time he gave me no encouragement. My girlfriend says I should report him to the Dental Society for unethical practices. Should I?

**GYPPED**  
DEAR GYPPE: For a girl who deliberately made an appointment with a married dentist for the purpose of "getting to know him better" — you have a lot of nerve complaining about "ethics."

If you question his professional judgment, see another dentist for strictly professional reasons.

DEAR ABBY: We bought this house four years ago and never had the money to put in a lawn so we had just about 2-3 of an acre of bare dirt to the side and back.

We have three boys — 6, 10 and 12 — and they like to play outside. All the kids in the neighborhood come to play in our yard. I have put up with yelling and screaming for four years, and our yard is the worst looking yard on the block.

Now that we can afford it, I told my husband to dig up the dirt and plant grass and some shrubs. The boys put up a fight, saying it would spoil their play

place. I say they can play on the school grounds five blocks away, but they say the bigger boys chase them away. Am I wrong to want a decent-looking yard for once in my life?

**LIKES GRASS**  
DEAR LIKES GRASS: The years when you can look out your kitchen window and see children playing are too few and fly by too swiftly. When the boys go off to college — or to their Uncle Sam — you'll have plenty of time to admire the grass. Dirt can be beautiful!

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Abby's best-selling book, "Dear Teen-ager," is on sale at all book stores.

### CC Permits Hit \$138,388 for Single Week

CATHEDRAL CITY — Paced by a \$51,936 dwelling permit issued to M. C. Eaton on Pecos Street, and a \$36,000 permit to Transview Trailer Park, 67-920 Highway 111, construction in this area last week jumped to \$138,388.

Other permits issued by the county building department office at Palm Desert were:

Rudy Bramman, 67-920 Highway 111, awning, \$450; Floyd Gordon, Grandview Avenue, dwelling, \$15,804; W. C. McCoy, 68-415 Treasure Trail, wall, \$378; Riley Egbert, Melrose Drive, dwelling, \$13,135; C. A. Camp, 67-920 Highway 111, awning, \$360; Palms and Sand, Inc., Avenue 39 and Highway 111, fence, \$325.

### GOING BANKRUPT? IT'LL COST YOU MORE MONEY NOW!

WASHINGTON (UPI) — Inflation has caught up with the cost of going bankrupt.

The House passed and sent to the White House Monday legislation doubling the closing fee paid to a trustee in a no-asset case of bankruptcy handled by a federal court.

The House Judiciary Committee said the old \$5 fee—established 62 years ago — wasn't high enough to obtain "conscientious and diligent trustees."

### LONG TELLS HOPES FOR EVENTUAL CANCER CURES

The belief that many forms of cancer now considered beyond hope may someday prove curable was voiced here today by Joseph S. Long, president of the American Cancer Society's Riverside County Branch and member of the State Board of Directors.

Long said some research scientists believe that there is something within the human system—something still beyond their ability to comprehend or explain—which may hold the key to control of many presently hopeless cancers.

TWO AMERICAN Cancer So-

ciety investigators, Dr. T. C. Evereson and Dr. Warren H. Cole, the latter currently serving as national president of the American Cancer Society, have collected data on 115 confirmed cases of spontaneous regression of cancer, according to Long.

A spontaneous regression is an extremely rare disappearance of a cancer after it has attacked the patient he explained.

"IF RESEARCH can identify the immunological or biochemical processes which lead to such regressions," he said, "it may at the same time uncover a new and

useful weapon against the disease." A number of other studies in the field of immunology are also being conducted under American Cancer Society auspices, Long pointed out.

It is possible that these investigations may eventually show that cancer cells can be attacked by antibodies in the same way that disease-causing bacteria are attacked, he declared.

CLOSELY RELATED research on viruses also is aimed in this direction, according to Long, who said the American Cancer Society is supporting virus research projects totaling approximately \$1,250,000 this year.

The Riverside County Branch of the Society is now in the "Clean-up" stage of its annual fund raising appeal. Those who have not yet sent in their contributions are requested to address them to the Society at 4241 Market Street.

### Neighborly Gesture

ROCHESTER, N. Y. (UPI) — Harold R. Clarke, 63, a man who said he was "disgusted with people" and had been "for years," recently displayed this sign on his front porch:

"To whom it may concern. If your children's annoying behavior continues and causes me to have a fatal heart attack, will you consider yourselves morally guilty of manslaughter?"

### POLISH CITIZENS CLASH WITH POLICE FOR FOURTH TIME

WARSAW (UPI) — Poles clashed with the police for the fourth time in little over a month Sunday at Poznan, it was reported Monday.

Several persons were injured, reliable sources said.

The official Polish press agency said "hooligans" and "young brawlers" demonstrated against the refereeing in a football soccer game between Warsaw Polonia and Poznan Lech, which ended in a scoreless tie.

### Pair Off For Tour Of Orient

By JEAN PATANE

Margaret Davidson and her mother, Mrs. Corinne Davidson, left by car last Thursday for San Francisco. They were scheduled to sail Tuesday for the Orient. Their first port of call will be Tokyo, and then Hong Kong, from where they will plan their next stop. They hope to visit with a cousin of Margaret's while in Manila, in the Philippines and will spend several weeks in the Hawaiian islands before returning to the mainland. The cruise will keep them away from the desert for about two and a half months.

During the week Mr. and Mrs. Garrett Shelton had as their houseguests Mr. and Mrs. Elmo Dun-ney who make their home in Van Nuys. On Sunday, they were visited by her nephew and family, Mr. and Mrs. Nelson Haggerson and daughter Ann, who were en-roule to their home in Hurley, N. Mex. from Claremont, where he received his Ph.D. on Saturday.

Winter residents Mr. and Mrs. Raymond Magee left last week to spend the summer at their home in Beverly Hills. The Magees have been associated with the "Farmers' Market" in Los Angeles since its inception.

Mr. and Mrs. Melvin Pugh and children, Ronnie, Jeff, Marsha, and Pam attended the annual picnic of the Southern California Gas Company held Saturday at Glenn Ranch. The Colorado River was where they spent the Memorial Day weekend.

Mrs. Melba Mullins left for her home in Las Vegas last Saturday, after spending last week at the home of her brother and family, Mr. and Mrs. Robert Bedford. The Bedfords' son Johnny was home for several days after returning last week from a five months cruise on the USS Edson with the West Pacific Fleet. He is now stationed at Long Beach.

Mr. and Mrs. Carl Jackson left last Thursday to spend the week-end with their parents, Mr. and Mrs. C. H. Hawkins in Fresno, and to attend the graduation of their nephew Michael Barcus from Sierra Union Joint High School at Auberry. Young Barcus, who at one time attended Palm Springs schools, was the recipient of the Bank of America Award and the California Bank of San Francisco award, as well as being chosen as the outstanding agricultural student. The Jacksons returned to the desert Sunday night.

## ALMANAC

Today is Wednesday, June 8, the 160th day of the year, with 206 more in 1960.  
The moon is approaching its full phase.  
The morning stars are Mars, Jupiter and Saturn.  
The evening star is Mercury.  
On this day in history:  
In 1869, American architect Frank Lloyd Wright was born.  
In 1869, Ives McGaffey, Chicago, obtained a patent for his vacuum cleaner which he described as a "sweeping machine."  
In 1880, Republicans meeting in Chicago nominated James A. Garfield for president and Chester Alan Arthur for vice president.  
In 1886, Irish statesman Charles Stewart Parnell demanded home rule for Ireland in the House of Commons.  
In 1915, Secretary of State William Jennings Bryan resigned his office in protest against notes sent by President Wilson to the German government in connection with the sinking of the Lusitania.

Thought for today: American architect Frank Lloyd Wright said: "No house should ever be on any hill or on anything. It should be of the hill, belonging to it, so hill and house could live together, each the happier for the other."

## Bridal Shower Fetes Angela Buccino

By JEAN PATANE  
A beautifully appointed Bridal Shower honoring Miss Angela Buccino, daughter of Mr. and Mrs. Michael Buccino, was hosted by Mrs. John Palmer and Mrs. Thomas Campbell at the Campbell home last Thursday evening. More than twenty guests showered many lovely gifts for the bride-to-be.

Mrs. Buccino presided at the coffee urn, and Angela cut the lavishly decorated bridal cake that centered the attractive dining table. Many parties are being given in honor of the bride elect, who this year graduated from San Diego College for Women, and whose marriage to Conrad G. Walker of Lancaster will be solemnized June 18 in St. Louis Catholic Church in Cathedral City.

A reception brunch at the Shadow Mountain Club will follow the ceremony.

Mr. and Mrs. Don Corwell, who formerly made their home in Palm Springs, are now resident managers of the Casa Verde Apartments.

Six-year-old Carolyn Warrles, who spent the weekend with her uncle and family, Mr. and Mrs. Joe Miller in Riverside, entered the AAI Swimming meet Saturday and Sunday, and won second place medals in the twenty-five yard free style, and twenty-five yard back stroke events. Miller is aquatic director for Riverside City College, and president of the recently organized "Developing Champions of Riverside County" group. He is a frequent visitor at the home of his mother, Mrs. Pearl Miller.

## RM Gains Three Building Permits

RANCHO MIRAGE — Three building permits issued in this area last week had a valuation of \$2,897, according to the county building department office at Palm Desert.

Permits went to F. Planagan, 71-874 Sahara Road, alterations, \$2,240; Robert Pitchford, 71-586 Rancho Mirage Road, fence, \$327; and Thor Frederickson, 71-440 Estelita Drive, fence, \$350.

## New Political View

WINOOSKI, Vt. (UPI) — Political science now is called "government" at St. Michael's College.

The change was made by department chairman Robert Spencer who said "Before I was elected to the Vermont Senate, I was certain it was a science. Having served there I discovered it's also an art. Government is a more graphic term to cover both the art and science."

ELOPING FROM FRENCH Riviera resort of Cannes are run-away heiress Nanette Wallace, 18, and Army aviator pilot Lt. James Wiley Lockamy of Clinton, N.C. She's the stepdaughter of Cornelius Vanderbilt, and he's stationed in Bulburg, Germany. (CPA Photo).

POSING PRETTILY WITH two of the more important members of her court is Sheri Rice, Queen of the 1960 Southern California observance of "June Is Dairy Month." Sheri, a blue-eyed blond dairy maid, will reign over the many Dairy Month events planned to highlight the Riverside-San Bernardino Counties' position as one of the nation's most important dairy producing regions.

## A.L. FARR FUNERAL HELD YESTERDAY

Funeral services for Adrian L. Farr, 75 years of age, who died at approximately 6:05 a.m. Sunday in Desert Hospital, were held at 10 a.m. yesterday in the Wiefels and Son chapel with Bishop Richard Noyes of the Palm Springs Latter Day Saints congregation officiating.

Farr, who lived at 71-785 San Geronimo, Rancho Mirage, was a native of Utah, who had lived in California 35 years, and in Rancho Mirage approximately one month. He was retired.

### Guest Star List Grows

HOLLYWOOD (UPI) — Columbia Pictures has announced an impressive list of guest stars for its new production called "Pepe."

These include Maurice Chevalier, Kim Novak, Richard Conte, Tony Curtis, Sammy Davis Jr., Jimmy Durante, Jack Entratter, Greer Garson, Hedda Hopper, Ernie Kovacs, Peter Lawford, Janet Leigh, Dean Martin, Jay North (Dennis the Menace), Donna Reed, Debbie Reynolds, Edward G. Robinson and Frank Sinatra.

Survivors include his widow, Mrs. Paula Farr, and a son, Glenn Farr, and a daughter, Mrs. Adele Griffin, all of Rancho Mirage, plus 14 brothers and sisters, five grandchildren, and three great grandchildren.

Interment will be in Desert Memorial Park, with Wiefels and Son in charge of arrangements.

## Farmer's Daughter Sought

### Eger Plans New Film

HOLLYWOOD (UPI) — Producer Raymond Eger says he is considering a new film to be shot in Paris. He says he will not announce its title and subject matter until all agreements have been signed.

Eger has just finished filming "Blood and Roses" in Rome. He says he hopes he can begin work on the new Paris film in four months.

Pitchfork Pete, the pudgy, lovable symbol of the Farmers Fair of Riverside County at Hemet, announced this week that the annual search for the Farmers Daughter now is underway.

Single girls, between the ages of 16 and 20, who are bonafide residents of Riverside County are eligible to compete.

### Long-Time Moviemaker

HOLLYWOOD (UPI) — Actor Donald Crisp marks his 54th anniversary in the motion picture business this summer with the release of Walt Disney's "Pollyanna."

Crisp appeared first in a "movie" in 1906 in a mutoscope, a hand-cranked machine that flipped cards. Since then he has made 417 motion pictures.

A PRELIMINARY contest will be held June 30 at the Mission Inn in Riverside. Five finalists will be named. Contestants will be judged for personality, poise, beauty and speaking ability, Phil Howerton, special events director of the Farmers Fair, said.

Finalists will be guests of the Farmers Fair during its five-day run. Each day they will compete in a unique and novel contest in front of the grandstand. Points will be awarded daily and the girl with the highest score will be crowned the Farmer's Daughter on Sunday, August 21st.

### TWO TEEN-AGED ROCKET BUILDERS LEARN FRUSTRATION

LA MESA, CALIF. (UPI)—Two teen-age boys who worked for two years building a three-stage rocket today have a new appreciation of the frustrations of rocketry — their missile failed.

Rowland Stanley, 17, and Peter Burgert, 18, students at Grossmont High School tried to launch their 23 1/2-foot rocket Sunday. The first stage fizzled, the second stage soared about 400 feet and the third stage failed to ignite. They had hoped to blast the rocket 100,000 feet into the sky.

DAILY COMPETITION includes cow milking, biscuit baking, patching, tractor driving and a mystery event, Betty Mooney, 17, of Norco, is the reigning Farmers Daughter until a new one is named.

Entry blanks are available at all Chambers of Commerce or can be obtained by writing to the Farmers Fair at Hemet, Howerton said. Finalists will make several television and radio appearances in Hollywood prior to the opening of the Fair. In addition, they will be used extensively for publicity pictures.

### Eichmann 'Taken' From Argentina

BUENOS AIRES (UPI) — Israel announced sources have that "Jewish volunteers" took SS Col. Adolf Eichmann out of Argentina to face trial in Israel for the alleged wartime killing of millions of Jews.

An Israeli note formally denied widely published reports that Israeli security agents kidnapped Eichmann from this country. It said he voluntarily accompanied the volunteers, who handed him over to Israeli security forces somewhere outside Argentina.

a few weeks ago, is steadily improving.

Among the holiday weekend guests at the Westview Apartments were Mr. and Mrs. Henry McLugan and Mr. and Mrs. W. K. Brubach of La Crescenta. Mr. and Mrs. Homer Gentry of Inglewood and Harry Elkins from Long Beach.

**CORPUS CHRISTA FIESTA**—the scene of a unique spectacle of reverent faith that started 144 years ago—will be celebrated at Mission San Antonio de Pala at Pala, at the foot of Palomar Mountain, Sunday, June 19. The religious celebration starts at 9:30 a.m. with the

Solemn High Mass, followed by the procession of the Blessed Sacrament through the streets of the Indian village. The Mitchell Choir Boys will sing during the High Mass. After the religious celebration Indians and visitors will gather under the shade of the spreading

olive and pepper trees to enjoy the famous pit barbecue, Mexican foods and refreshments, while listening to the music of Jose Torres and his Strolling Troubadours. Entertainment will continue throughout the afternoon and evening.

## Corpsman 'Saves' \$18,000

By CORP. N. ANGELOTTI  
TWENTYNINE PALMS — "A penny saved is a penny earned," or so the old saying goes.  
Navy Chief Hospital Corpsman, Roy L. Wanstreet, stationed at the Station Hospital of Marine Corps Base here, added a little something to this with his \$14,500 saved and \$2,119.16 earned.  
The Chief, who was "piped over the side" during retirement ceremonies last week has been saving portions of his service pay in Navy and Marine Corps banks throughout his 19 years and eight months active duty in the Navy.  
Cash breakdown of the Chief's savings is as follows: saved — \$14,500, interest — \$2,901.20; unused leave — \$718.41; total—\$18,119.16. The interest on these savings has only been drawn since 1954.  
Chief Wanstreet is undecided about his future plans and intends to visit his son and grandchildren in Texas before settling down.  
With \$18,000, and his monthly pension from the Navy, the Chief should have plenty of time to relax before deciding on a civilian career.

## Walter Elected County Scout Council Prexy

Robert H. Walter of Riverside, was elected and installed president of Riverside County Council, Boy Scouts of America, at the 41st annual meeting at Sheriff's Training Center in Riverside. Walter and other Council officers were installed by Kenneth Hickenbottom, Deputy Regional Scout Executive of Los Angeles.

Other key officers who were installed were: Gen. Wayne C. Bailey, Riverside; Jacques Crommelin, Palm Springs; H. L. Cavanagh, Indio; LeRoy Kamrar, Blythe; Dent Reed, Corona, and Mayor James Simpson of Hemet, all vice presidents. Sheriff Joe Rice was re-elected as Council Commissioner. Vernon S. Tezland and James Pichel of Riverside were elected treasurer and assistant treasurer respectively.

District Chairmen installed were: Roy Stanton, Mt. Rubidoux; George Grover, Temescal; Dr. Jacob Weins, Cahulla; Al Horton, Palm Springs; Pat Fleming, Coachella Valley and LaVell Hancock, Palo Verde Valley.

New Board members are: Simpson, Pichel, Stanton, Weins, Horton, Dr. L. D. Anderson, A. Frank Ayres, Marlin Bourns, Wallace E. Boyer, Walter S. Easley, Ed Nichols, William H. Seineke, Donald Spencer and Jack Yeager of Riverside; Martin Bedolan and Al Silva, Blythe; Clyde Hollenbeck, Deron Kasparian, Eugene Roberts, Indio; Al Miller, Hemet; Orvil Zappe, Cathedral City.

## 100 Hospitalized By Subway Blaze

NEW YORK — UPI — Fire broke out in a busy mainline subway tunnel near Grand Central Terminal Tuesday, trapping 1,500 passengers on eight trains until heroic crewmen and rescue teams led them to safety through blinding smoke.

A total of 100 persons were overcome with acrid fumes that spread through subway tunnels and stations in mid-Manhattan. Many were taken to hospitals. But fast work by a 1,000-man disaster force got all to the surface apparently without loss of life.

## Up and Around

NEW ORLEANS (UPI) — When doctors put pedometers on patients who had been ordered to take modified bed rest, they were surprised. "The patients, whose activity was 'restricted,' actually walked 16 miles around the hospital wards in one week.

## EVERY DAY WILL BE ST. PATRICK'S DAY FOR CALIFORNIA

SACRAMENTO (UPI) — Gov. Edmund G. (Pat) Brown made an announcement Monday that is certain to please all Irishmen in California.

The state is going to paint its bridges green.

Brown, whose grandparents were Irish, said the color wasn't picked with any regard to his own ancestry but because green had aesthetic value and was less expensive than colors now being used.

He said that the Golden Gate Bridge and the other spans in San Francisco Bay were not going to be painted green.

## CALECTRIC SIGNS CONTRACT FOR NEW PLANT'S GENERATOR

A contract leading to the design and construction of a second steam electric generating unit at California Electric Power Company's Cool Water Plant near Barstow has been signed with The Fluor Corporation, Fred Oldendorf, Calelectric vice president and general manager, announced today.

The \$14,000,000 construction job of erecting the first 60,000 kilowatt generating unit and development of the Mojave Desert plant-site is well under way and is expected to be completed about mid-1961.

THE SECOND UNIT will be a 60,000 kilowatt duplicate of the first unit and the project will cost approximately \$10,000,000.

More than three-quarters of Missouri's 44.3 million acres of land is devoted to farming.

bringing to \$24,000,000 the total Calelectric investment in the plant.

Construction of the second unit will commence early in 1962 with completion expected in middle of 1963.

The result of the \$24,000,000 project will be a 120,000 kilowatt generating station capable of meeting the increasing power requirements of the fast-growing inland desert region for some time, Oldendorf said.

## Hayes Files Five Separate Suits

LOS ANGELES (UPI) — Hal Hayes, millionaire builder, Monday filed five separate court suits seeking nearly half a million dollars damages from subcontractors and bonding companies.

Hayes claimed the damages on allegations that actions by bonding companies and the subcontractors prevented completion of work at two California air bases.

ALL SITE preparation and construction of an electric switchyard for the new plant has been completed and work is under way now on the boiler unit. The construction job on the first unit will also include the installation of the turbine - generator, condenser, 60,000 barrel - capacity oil storage tank and a cooling tower in addition to office and storage facilities.

Similar components will be erected as part of the second unit.

## 20 Boys Club Youngsters Get Seven Oaks Trip

Twenty members of the Palm Springs Boys Club will be able to enjoy a week's vacation at the Seven Oaks camp of the Boys Club of Pasadena during the week of June 28 through July 5, Director Ray Lockwood announced today.

The Pasadena Club has offered this use of their facilities, and parents of local boys who are interested are asked to contact Lockwood at FA 5-5659.

Reservations will be made on a first come, first served basis. Total cost of the eight-day camp will be \$28.50. All applications must be made by June 15, Lockwood said.

## Magazines Extoll Ostrich Racing

INDIO — During the past two months the Riverside County Fair and National Date Festival at Indio has been featured in two national and international publications, Bob Fullenwider, Secretary-Manager, announced yesterday.

First mention of note was made in the April 9th issue of The Economist, a business publication printed in London, England.

MORE RECENTLY in the June issue of Argosy Magazine, the publishers gave the Date Festival a four-page spread using four colored prints to illustrate the story. Both features were instigated by this year's event, Fullenwider said.

THE ECONOMIST called attention to the colorful costumes.

Newspapermen founded the Missouri State Historical Society more than 60 years ago.

Queen Scheherazade, the camel and ostrich races, and the Arabian Nights Pageant.

Argosy's prose was devoted to the hilarious ostrich races.

In previous years, the Date Festival has received coverage in Life Magazine, National Geographic Magazine and has been the subject of countless travelogues, Fullenwider said.

## A Barking Good Idea

MEDFORD, Minn. (UPI) — Kids here have just as much fun as other children on their school playground, but mothers have noticed fewer skinned knees lately.

The reason is a new playground cover at six of the city's elementary schools. Bark mulch, a by-product of Medford's forest industries, has been piled to goose-down-mattress thickness of four inches and effectively cushions the kids' rough-and-tumble play.

## Vigeland Funeral Held in Altadena

Funeral services for Clarence Vigeland, of Pasadena and Rancho Mirage, were conducted Monday afternoon at Mountain View Mortuary in Altadena.

Vigeland succumbed Saturday in a Pasadena hospital.

He was an executive with the Stevens Linen Supply Company of Los Angeles.

Survivors include his widow, Marjorie.

Bartolomeo Cristofori of Italy built the first pianos in 1730 while trying to improve the harpsichord and cimbardo.
